All Clubs can be either part time or full time.

Our Clubs are centered around two large halls, the main Church hall downstairs and the upper hall which is also used for our preschool.

The upper hall: Housing computer and video systems, art and craft area along with a wide variety of other purpose made equipment and furniture.

Main Church Hall. The large open hall downstairs enables us to play more team based activities along with areas for craft, table football, table tennis, snooker and other larger activities.

The projection screens are used for movies and other visual activities.

Club trips: One of our main aims is to ensure that your child receives the biggest variety of experiences that we can offer. To fulfil this we often arrange trips to theme parks, swimming, specialist activity parks and even the cinema. Even though many of these trips incur an extra charge the benefit to the children is immense.
